St. John's Cemetery Company

Hamburg, PA

is a non-profit organization established in 1811 for the purpose of providing perpetual maintenance and management of our 4 cemeteries located in the Borough of Hamburg. Although we are not directly affiliated with any local churches or organizations, we continue to offer burial sites and service to anyone who may desire St. John's Cemetery to be their final resting place. Presently, we do not receive any funding from any local churches or organizations. Our only source of income has been the sale of cemetery lots.

Due to the Great Recession and the ongoing expenses of maintaining the grounds, equipment, and facilities, the board of directors has become extremely concerned about the financial condition and longevity of the cemetery company. The volunteer board of directors has made changes to reduce costs, but maintenance costs continue to far exceed the income generated from lot sales. Therefore, the board asks that you consider making a financial contribution to the perpetual care fund of the cemetery in order to continue providing the high standard of maintenance that you are accustomed to seeing in our local community cemeteries. If you are not able to make a financial contribution at this time, perhaps you would consider a contribution to St. John's Cemetery Company in your long-term financial planning. This would also be an excellent time to consider purchasing a cemetery plot for you or your family.

Please mail any contributions to St. John's Cemetery Company, PO Box 244, Hamburg, PA 19526. To discuss other options, please call the cemetery office at 610.562.2129 to speak with a board member. Thanking you in advance for your consideration.

A BRIEF HISTORY OF ST. JOHN'S CEMETERY, HAMBURG, PA

The history of the cemetery dates prior to 1811 during a period when the function of a Church was to provide a burial place for members who passed, in addition to furnishing a house of worship. This was accomplished by local churches providing a "Churchyard', now called a cemetery, adjacent to their church building. In accordance with this custom, the Union Churches of Hamburg established their first "Churchyard" beside the first log church built south of Pine Street and east of Primrose Alley in Hamburg. It is on this plot of ground that first settlers of Hamburg are buried, including it's founder, Martin Kaercher.

As the number of available burial plots diminished, a second cemetery parcel was purchased in 1811 on Pine Street behind St. John's Church to keep the "Churchyard" tradition. Records from May 23, 1853, show the price of burial lots ranged from $6.00 to $10.00. During 1951, another new parcel of land located along the south side of State Street in Hamburg was purchased and incorporated into the cemetery in later years. This new section of St. John's Cemetery would be known as "Fairview Cemetery".

During this era, each family was required to care for their own burial lots. However, eventually families no longer had descendants in the area, and so the lots were not kept in a presentable condition giving the cemetery a very unsatisfactory appearance. To correct this situation, a new corporation known as St. John's Cemetery Company, Inc. was organized on April 23, 1919. The responsibilities of the new organization would include maintaining a work staff, equipment, a building, and to solicit endowments for the perpetual care of the cemetery. Although the company would no longer have any direct affiliation with churches, the local churches were glad to turn all their limited assets over to the company as the cemeteries were becoming a maintenance and economic burden to the churches.

During the late 1800s another group of local churches founded their own cemetery called "Greenwood Cemetery" located on the west side of N. 5th Street in Hamburg. Eventually, they too had sold out of burial lots and were faced with the problem of expansion and maintenance expense. In 1933, the directors of "Greenwood Cemetery" requested that St. John's Cemetery Company, Inc. absorb their affairs and expenses. After this transition was completed, the four Protestant cemeteries in Hamburg were managed by one company and Board of Directors.

Our mission at St. John's Cemetery Company, Inc. is to uphold the tradition of offering quality burial services and perpetual cemetery care for those families in our community who choose this beautiful location as their final resting place.

Respectfully,
Board of Directors for St. John's Cemetery Company, Inc.

A SALUTE TO OUR HEROES:
OUR VETERANS

On Memorial Day, we pause to reflect on the courage, dedication and loyalty of our nation's military veterans. Throughout history, their hard work and sacrifice have kept us safe and protected our freedom. We owe them a debt of gratitude that can never be repaid, and we salute them for their service. To all of the brave men and women who have sacrificed to put their country first, we thank you.

Members of The American Legion, VFW and Burkey & Driscoll Funeral Home proudly continue a 64-year tradition by placing over 1,225 American flags on area veteran's graves on these cemeteries.

BRIDGESTONE
ECOPIA™ EP422 Plus
All-Season Touring

The Ecopia EP422 Plus featuring T-speed rated sizes is one of Bridgestone's ecologically oriented Standard Touring All-Season tires developed for the drivers of coupes, sedans, minivans and small crossover vehicles looking to combine year-round traction, handling and comfort with reduced environmental impact. Ecopia EP422 tires are designed to enhace vehicle fuel economy by reducing tire rolling resistance along with the vehicle's carbon dioxide (CO2) emissions while delivering year-round, all-season traction, even in light snow.
The Ecopia EP422 uses an all-season tread compound featuring Bridgestone's unique NanoPro-Tech (Nanostructure-Oriented Properties Control Technology) to reduce rolling resistance and energy loss while maintaining dry, wet and wintertime traction. This compound is molded into a symmetric tread design that combines notched shoulders and intermediate ribs with independent center blocks for dry road tracking and traction. Four circumferential grooves are designed to help water flow from under the footprint to resist hydroplaning and enhance wet traction while notches and sipes increase the edges that bite into light snow. The tire sidewalls feature Bridgestone's Fuel Saver compound to further increase efficiency. The tire's internal structure includes twin steel belts reinforced by spirally wrapped nylon on top of a polyester casing to blend ride comfort and durability.

Long Trout Winery

where the wine is cool and hippie chicks rule

Long Trout Winery's Auburn Location Will Be **CLOSED** During these "Off-Site" Events

Peace signs, tie dyes and bell bottoms, flower rings of baby's breath and daisies, headbands and halter tops, yellow subs and blue meanies, beads and weeds, 60's music veiled in smoldering incense and clean, crisp homemade style wines like everyone's Grandpa used to make...

These familiar images capture the essence of Long Trout Winery. An unequaled slice of time and tradition where being "different" is what it's all about.

So don't make a fuss, get on the hippie bus and experience a pefect blend of far out wines and furry friends at PA's "UNIQUE BOHEMIAN WINE BOUTIQUE."
