Complete The Holiday Season With Gingerbread!

Whether leaving cookies out for Santa or simply spreading some holiday cheer among family and friends, the following recipe for “Soft Glazed Gingerbread” from Elizabeth M. Prueitt and Chad Robertson’s “Tartine” is sure to please this holiday season.

SOFT GLAZED
GINGERBREAD
Yields 12 to 20 cookies

DOUGH

33/4 cups all-purpose flour
1 tablespoon cocoa powder
4 teaspoons ground ginger
11/2 teaspoons ground cloves
2 teaspoons ground cinnamon
1/2 teaspoon baking soda
1 teaspoon salt
11/4 teaspoon black pepper,
freshly ground
1 cup unsalted butter, at room
temperature
3/4 cup plus 2 tablespoons
granulated sugar
1 large egg
1/2 cup blackstrap or other dark
molasses
2 tablespoons light corn syrup

GLAZE

1 cup confectioners' sugar
2 tablespoons water

To make the dough, stir together the flour, cocoa powder, ginger, cloves, cinnamon, baking soda, salt, and pepper in a mixing bowl. Set aside. Using a stand mixer fitted with the paddle attachment, beat the butter on medium-high speed until creamy. Slowly add the granulated sugar and mix on medium speed until the mixture is completely smooth and soft. Stop the mixer and scrape down the sides of the bowl with a rubber spatula as needed. Add the egg and mix well. Add the molasses and corn syrup and beat until incorporated. Stop the mixer again and scrape down the sides of the bowl. Add the flour mixture and beat on low speed until a dough forms that pulls away from the sides of the bowl and all the ingredients are well incorporated. Remove the dough from the bowl, flatten it on a large piece of plastic wrap into a rectangle about 1 inch thick, cover the dough with plastic wrap, and refrigerate overnight. Preheat the oven to 350 F. Line a baking sheet with parchment paper or a nonstick liner.

Unwrap the dough and place on a floured work surface. If using a plaque with a design, roll out the dough 1/3-inch thick, lightly dust the top with flour, press your cookie molds over the dough, and then cut the shapes with a small knife and place on the prepared baking sheet, spacing them about 1 inch apart. Alternatively, using the mold as a guide, cut around it with a small knife, flip the mold over so the design is facing you, and place the dough over it, pressing it into the design. Unmold the shapes onto the prepared baking sheet, leaving about 1 inch between them. If using a patterned rolling pin, lightly dust the lined baking sheet with flour and transfer the dough to the pan. Lightly dust the top of the dough with flour and roll it into a rectangle about 1/3-inch thick with a plain pin. Then, using the patterned pin, roll over the dough with enough pressure to ensure a clear impression of the design. Trim the sides with a small knife. It is not necessary to cut into smaller sizes before baking. Bake the cookies until lightly golden along the sides but still soft to the touch in the centers, 7 to 15 minutes. The timing will depend on the size of the individual cookies, or if you have made a single large patterned piece that will be cut after baking. While the cookies are baking, prepare the glaze. In a small bowl, whisk together the confectioners' sugar and water until smooth.

When the cookies are ready, remove from the oven and let cool on the pan on a wire rack for about 10 minutes. Then, while the cookies are still warm, using even strokes, brush a light coat of glaze on top of each cookie, evenly covering it.

Let the cookies cool completely. When the glaze dries, it should leave a shiny, opaque finish. If you have used a patterned pin to make a single large plaque, cut into the desired sizes with a small, very sharp knife. The cookies will keep in an airtight container in a cool place for about 2 weeks. They do not freeze well, however, as glaze becomes watery when they are thawed.

Tips For Baking Better Christmas Cookies

Cookies and other baked treats are everywhere come the holiday season. It's not uncommon to give cookies as gifts or arrive at holiday gatherings with cakes and other decadent desserts. Cookies are a classic holiday treat, and some families even build entire traditions around baking Christmas cookies. Novice bakers making cookies for the first time may be a little overwhelmed when perusing recipes. Baking is a science, and sometimes it takes practice to get the results just right. However, there are some tips that can help yield better, but-tery bounties.

HANDLE BUTTER WITH CARE- Butter can make or break a cookie recipe, as butter is often the glue that holds the cookie together. Therefore, it is key to follow the directions carefully regarding how to handle butter. Smithsonian.com says to leave butter at room temperature for 30 to 60 minutes to properly soften it. This takes patience, but fiddling with butter too much can damage its delectable integrity. While purists may say butter is best, margarine may be acceptable if it has a high fat content; otherwise, cookies may spread out and flatten. When it comes time to cream the butter with sugar, be sure to do so thoroughly to incorporate air into the butter and remove the grainy texture of the sugar.

MEASURE FLOUR PROPERLY- Measuring flour the right way can ensure cookies come out right. The Cooking Channel says to spoon the flour lightly into a dry measuring cup, then

level it off with a knife. Do not dip the measuring cup into the flour or tap the knife against the cup. This will pack too much flour into the measuring cup and result in dry, tough cookies.

SLOW DOWN THE EGGS- Add eggs one at a time to make sure each will emulsify properly with the fat in the butter. Adding eggs en masse may cause the emulsification to fail.

CHILL OUT- Follow recipes that call for chilling cookie dough carefully. This process is important for making sliced and shaped cookies. By chilling, the dough becomes more malleable for rolling and even slicing.

USE A BOTTOM RACK- Too much heat may compromise cookie integrity. The food experts at Delish say to try moving cookies onto a lower rack in the oven if they aren't retaining their shape when baked. Put an empty cookie sheet on the top rack. That will block the cookies from the most intense heat that rises to the top of the oven. Mastering cookies takes a little patience and some trial and error. Once bakers get their feet wet, Christmas-cookie-baking becomes even more special.

I Don't Need To Advertise
You're Right... There is a time NOT to advertise, when...

1. You have no competition.
2. You have all the business in town.
3. There are no new people moving into your area.
4. You want to keep your large inventory.
5. You have more business than you can handle.
6. The birth rate is zero.
7. You have more than enough friends that shop your business, keeping you far to busy.
8. You've netted your third million (after taxes).
9. You have no desire to work hard.
10. You would have to hire more people to handle the additional business advertising brings.

The time to start advertising is...

When you don't agree with all the above.

The place to start advertising is...

The one that has a combined circulation of 71,500 homes.

REFI RE-LEAF

Auto Rates

As Low As **2.19%** APR*

For a limited time, receive \$100** when you bring an existing auto loan to HRCU for some well-deserved re-leaf.

*APR = Annual Percentage Rate. Rates and terms are subject to change without approval or notice. HRCU will finance up to the Manufacturer's suggested retail price (MSRP) plus tax and fees for a new vehicle. HRCU will finance up to 125% of the value of the vehicle for a used or refinanced vehicle based on NADA. Kelly Blue Book, or other qualified source when determining used vehicle value. Minimum loan amount is \$3,000. The interest rate applied may be up to 2.5% higher based on the applicant's credit score, debt ratio, or vehicle value. HRCU makes all final determinations regarding the vehicle value and applied interest rate. See the LOAN/LEASE Credit and Security Agreements available at HRCU.
**Existing auto loans at other financial institutions that are refinanced with HRCU and exceed \$20,000 at the time of funding, qualify to receive a \$100 VISA gift card during the Re-Leaf promotion. The promotion applies to refinanced auto loans funded on or after 10/1/19. Terms and qualifications are subject to change without prior notice.

What is A Town?

A town is a group of people.

It is a school.

It is a city government.

It is churches.

It is industry and jobs.

It is retail businesses.

They all have to work together. All must have the support of the people or there is no town.

Give your local merchant a chance for your business and the first opportunity to make the sale. The local retailer pays the highest percentage of local taxes. They are the ones contacted first for contributions to charitable projects. They provide jobs.

Without their store, you have no town.

**GIVE THE LOCAL MERCHANT
A FAIR SHAKE.**
