**Tips For Buying Jewelry This Valentine's Day**

Valentine's Day is rife with tradition. Couples may have their own unique traditions, but others, like Valentine's Day date nights, are widely popular. One Valentine's Day tradition many couples embrace is the exchange of gifts. Shoppers might not need much advice when purchasing heart-shaped boxes of chocolates or flowers for their sweethearts. However, when shopping for jewelry, Valentine's Day celebrants may feel as though they're in over their heads. The following tips, courtesy of the Better Business Bureau®, can help shoppers as they navigate the potentially confusing process of buying jewelry.

or assembled stones may look like natural stones, so shoppers should ask if a stone is natural, synthetic or imitation before purchasing anything.

**GOLD**  
 When used alone, the word gold implies an item is all gold or 24 karat gold. But the BBB notes that gold is naturally soft and, as a result, is typically mixed with other metals to improve its hardness and durability. The karat-quality marking indicates what proportion of gold is mixed with other metals. For example, the most common mark for gold jewelry is 18K of 750, which signifies an item is 75 percent gold. Lower-karat gold jewelry may include copper, silver, zinc, or other metals. Consumers should ask about these alloys and determine if the item's ultimate recipient is allergic to certain metals or if he or she has a high acid content in their bodies. People with high acid content in their bodies may have their jewelry turn black as a result. Buying jewelry can be intimidating. However, jewelry buyers can work with their jewelers to find a beautiful piece their sweethearts will be proud to wear this Valentine's Day. More information on buying jewelry can be found at www.bbb.org.

**DIAMONDS**  
 The BBB notes that diamonds' value is based on color, cut, clarity, and carat. Often referred to as the "4 Cs," this criteria refers to the grade of the color (color), the way the diamond is finished (cut), how flawless the diamond is (clarity), and its weight (carat). When shopping for diamonds, the BBB advises asking jewelers if they have the most up-to-date testing equipment, which makes it easier for them to distinguish between diamonds and lab-created gemstones. That's important, as lab-created gemstones resemble diamonds and may not be detectable if jewelers are using testing equipment designed to identify cubic zirconia.

**COLORED GEMSTONES**  
 Colored gemstones are very popular, and the BBB notes that various new stone treatments have been developed to improve their appearance and durability. However, the BBB also notes that such treatments may adversely affect the value of the gem and necessitate special care in order to maintain the gem's appearance. When shopping for colored gemstones, ask the jeweler if an item has been treated and if there's any special maintenance required. Imitation

**CHICKEN w/PUMPKIN ALFREDO**

- |  |                                     |
|--|-------------------------------------|
| 1 Tbsp. olive oil                                      | 3 garlic cloves, minced             |
| 2 boneless skinless chicken breast halves (6 oz. each) | 1 cup half-and-half cream           |
| 1 Tbsp. Italian seasoning                              | 1 cup canned pumpkin                |
| 3/4 tsp. salt  | 1/2 cup shredded Parmesan cheese    |
| 1/2 tsp. pepper  | 1/8 tsp. nutmeg                     |
| 8 oz. uncooked spiral pasta                            | 4 bacon strips, cooked and crumbled |
| 2 cups fresh broccoli florets                          | Minced fresh parsley                |
| 1/4 cup butter, cubed                                  |                                     |

In a skillet, heat olive oil over medium heat. Sprinkle chicken with Italian seasoning, salt and pepper. Add to the skillet; cook chicken until a thermometer reads 165°, 6-8 minutes on each side. Remove and keep warm. Meanwhile, in a large saucepan, cook pasta according to package directions, adding broccoli during the last 5 minutes of cooking. In the same skillet used to cook chicken, heat butter over medium heat. Add garlic; cook 1 minute. Stir in cream, pumpkin, cheese and nutmeg. Drain the pasta and broccoli; stir into sauce. Slice chicken; serve with pasta mixture. Sprinkle with bacon, parsley and, if desired, additional Parmesan cheese.

### Sentiments That The Colors Of Roses Are Meant To Convey

Roses are a popular gift on Valentine's Day. When accompanied by a box of chocolates, a bouquet of long-stemmed roses is sure to make a sweetheart smile on February 14. Few people may know that the color of a rose is meant to convey a certain message.

As a result, even the most head-over-heels-in-love man or woman may not be saying what they mean to say when giving roses. If that special someone has a favorite color of rose, then it might be wise to give that color regardless of what tradition suggests. But when sweethearts have no such preferences, it might be best to keep this guide, courtesy of ProFlowers®, in mind.

- **RED:** Red roses say "I love you." Red is symbolic of love, especially romantic love. Red also symbolizes beauty, courage and respect.
- **PINK:** Pink is a popular color on Valentine's Day, but sweethearts should know that pink roses say "Thank you," which makes them a better choice for friends than lovers.
- **WHITE:** White roses say "I am the one for you." White symbol-

izes true love, purity, innocence, reverence, humility, youthfulness, and charm.

- **YELLOW:** Yellow roses say "We're friends and I care about you." Joy, gladness, friendship, delight, and remembrance are just a few of the sentiments yellow conveys.
  - **YELLOW WITH RED TIP:** Yellow roses may be best for friends, but yellow roses with red tips say "I'm falling in love with you."
  - **ORANGE/CORAL:** Another awe-inspiring color, orange/coral roses say "I want you in my life." This color indicates desire, enthusiasm and fascination.
  - **RED AND WHITE TOGETHER:** A mixed bouquet of red and white roses says "We are a great match."
  - **PEACH:** Peach symbolizes intimacy, telling a lover, "Let's make this a memorable Valentine's Day."
- Different color roses say different things, meaning Valentine's Day celebrants can find a rose to convey any message they hope to send this February 14.

### What Is A Town?

A town is a group of people

- It is a school.
- It is a city government.
- It is churches.
- It is industry and jobs.
- It is retail businesses.

**They all have to work together. All must have the support of the people or there is no town.**

Give your local merchant a chance for your business and the first opportunity to make the sale. The local retailer pays the highest percentage of local taxes. They are the ones contacted first for contributions to charitable projects. They provide jobs. Without their store you have no town.

**GIVE THE LOCAL MERCHANT A FAIR SHAKE.**
