# Eye Exams For Diabetics

At Hamburg Family Eye Care, Drs. John and Lori Smith, a husband and wife optometry team, are members of the Pennsylvania Diabetic Eye Alliance. Part of their mission is to provide comprehensive yearly diabetic eye health exams for the residents of Hamburg, northern Berks, and southern Schuylkill counties. Diabetics are at risk for vision loss because of damage to the tiny blood vessels that nourish the retina. Often there are no symptoms of this damage in the early stages. Diabetic dilated eye exams are encouraged yearly, so that any potential damage can be treated as soon as possible to prevent significant vision loss. Diabetics can help to prevent or slow the onset of retinopathy by taking their prescribed medication, sticking to their diet, exercis-

ing regularly, controlling high blood pressure and avoiding alcohol and smoking. Symptoms of diabetic retinopathy include: seeing spots of floaters in your field of vision, blurred vision, having a dark or empty spot in the center of your vision, and difficulty seeing well at night. If left untreated, diabetic retinopathy can cause blindness. Hamburg Family Eye Care offers comprehensive eye exams for all ages. Many eye problems, such as cataracts, glaucoma, red eyes, eye infections, dry eye, and eye injuries can be monitored or treated in the office with advanced diagnostic equipment. The doctors provide comprehensive contact lens services, including specialty bifocal contact lenses. Dr. John is a member of the

Hamburg Rotary Club and a board member of Hamburg's Our Town Foundation. Dr. Lori is a member of the College of Vision Development, which provides research on how difficult visual symptoms can be solved with prism lenses or vision therapy. Both Doctors are longtime members of the American and Pennsylvania Optometric Associations and the Berks County Optometric Society. The office has convenient evening hours on Tuesdays and Wednesdays. Plenty of parking is available behind the building. More information about Hamburg Family Eye Care can be found online at Facebook, at www.hamburgfamilyeyecare.com or by calling 610-562-4548, or toll-free 866-704-7426.

# Put Some New Twists On Classic Hot Chocolate

Few things are more comforting than sitting under a warm afghan and sipping a mug of steaming hot chocolate when cold wind and snow are blowing outside. Hot chocolate seems tailor-made for chilly winter evenings, providing the perfect indulgence while watching a favorite holiday film, entertaining friends around the holidays or warming up after a day spent building snowmen. The terms "hot chocolate" and "hot cocoa" are used interchangeably, but they actually refer to two different beverages. Hot chocolate is made from shaved solid chocolate, which contains both cocoa and cocoa butter. Hot cocoa is made from cocoa powder, which alone does not constitute full chocolate. Either drink can be delicious, and many people prefer one over the other. While traditional hot chocolate is a favorite for many, there are ways to make this beloved beverage more unique. By experimenting with flavor combinations, hot chocolate can become new again each day. The following are some

flavorful ingredients you may want to try to spice up your next cup of hot chocolate.

- Caramel: Pair a rich, dark or semi-sweet hot chocolate with a swirl of caramel. The caramel will add sweetness and extra creaminess to the blend.
- Peppermint: Peppermint and hot chocolate can make for an interesting contrast. The cooling nature of peppermint works nicely with the heat of hot chocolate, imparting a wonderful aroma as well. Melt a candy cane or mint from a restaurant in the mug and enjoy.
- Nutmeg: What nutmeg does for eggnog it also can do for hot chocolate. Nutmeg offers that earthy bite that calls to mind long days baking in the kitchen.
- Chile powder: Chile can add a little kick to hot chocolate that works surprisingly well. Add just enough to offer a little tingle of residual heat at the back of your throat. This concoction also may help clear up a case of congestion or the sniffles.
- Coffee: Add a splash of coffee to the hot chocolate for an instant

boost of caffeine and some mocha flavoring.

- Whipped cream: Create the flavor combination of a chocolate cream pie with a generous dollop of whipped cream. For a truly rich flavor, make a batch of fresh whipped cream, which will also thicken the hot chocolate.
- Coconut milk: Invoke the tropics by substituting coconut milk for regular milk. You may feel like you're on your own private island.
- Peanut butter: Few people can resist the combination of chocolate and peanut butter. Melt a spoonful of peanut butter into the beverage and enjoy.
- Liqueur: Enhance hot chocolate with your favorite liqueurs. Orange and raspberry flavorings work well, or try a creamy spirited beverage, like Kahlua or Irish cream.
- Marshmallows: Of course one of the simplest ways to dress up hot chocolate is to fill the mug to the brim with sweet marshmallows. Put a different spin on hot chocolate with various add-ins. The combinations and possibilities are only limited by your imagination.

# Play Music - Live Better

by Paula Taylor, Meadowood Music

Learning to play music as a child helps us age more gracefully. The University of Kansas Medical Center gave cognitive tests to people aged 60 to 83. The study participants who played musical instruments as youngsters performed better. The researchers believe that playing music creates neural connections in the brain that, in later years, help slow cognitive decline. You don't have to start as a child to enjoy significant health benefits. Suzanne Hanser, chair of Boston's Berklee College of Music's music therapy department, said, "making

music can lower blood pressure, decrease heart rate, reduce stress, and lessen anxiety and depression. There is also increasing evidence that making music enhances the immunological response, which enables us to fight viruses." At Meadowood Music in Blandon, we see that playing music also has tremendous social and emotional benefits for people of all ages. People who play an instrument meet people and form lasting relationships. School bands, Praise & Worship bands, garage bands, jam sessions, open

mics, amateur orchestras and festivals are places where people play music with others and learn cooperation, respect and humility. As they share music with others, people form bonds that are deep and meaningful. The best part: anyone can begin to play music at any age and the benefits of playing music are available on any instrument in any musical style. At Meadowood, students who range in age from 4 to 86 learn harmonica, violin/fiddle, banjo, guitar, viola, bass, piano, dulcimer, cello, saxophone, clarinet, mandolin, ukulele... You can too!

# Divine Power Diminishes Depression And Anxiety

by Linda Easter, L.P.C.

The "Holy Bible" tells us that God's divine power provides us with everything we need for life and godliness (II Peter 1:3). A wealth of research today supports such passages of Scripture and indicates that living a faith-based lifestyle adds to healthier living. When we live God's way, mental health issues such as depression and anxiety decrease. Jesus Christ gave lots of advice on how to live in a healthy way. One of my favorite examples is: "Come to me, all you who are weary and burdened, and I will give you rest. Take my yoke upon you and learn from me, for I am gentle and humble in heart, and you will find rest for your souls. For my yoke is easy and my burden is light." (The Gospel of Matthew 11:28-30).

For years I read this verse, and words like "rest," "easy," and "burden is light," stood out. But it seemed more wishful thinking than reality—Until I went back and saw the italicized words above: learn from Me! Jesus offers us a wonderful promise but the promise has a condition. Like me, many people miss the condition. Once I understood this condition, I committed a portion of each day to read the Bible and learn about the way Jesus wanted us to live. I never regretted that decision to learn from Him. As humans with what the Bible calls our sinful nature, we tend to think very differently from God's way. Learning and then following His way has made a huge improvement in my life. I overcame depression and anxiety

responses that could be overwhelming and learned coping skills and self-control—amazing assets for better mental health. I so appreciate my many opportunities to help people understand the values and benefits of attacking depression and anxiety using Scripture and faith-based principles. God's divine power provides such a wonderful foundation for good mental health. If you want to help to overcome such difficult mental health issues from a faith-based perspective, don't hesitate to call 610-562-1810 and set up counseling with Linda Easter, Licensed Professional Counselor, at Peaceful Hearts Counseling Services.

WORSHIP GOD, NOT EVOLUTION

The Infinite Being whom we call God can be described only in the language of infinity. His dominions are immeasurable. His wisdom unfathomable, His greatness beyond comparison. His riches "unsearchable," His way "past finding out." We have reached the limit of our knowledge when we exclaim with the psalmist, "Even from everlasting to everlasting, thou art God." And yet it is through Him only that the realms of past, present and future are brought within the grasp of finite man. The heathen who knows not God is shrouded in ignorance, mysticism, and superstition. The Agnostic who refuses to know God, though he often prides himself on his intelligence and knowledge, knows absolutely nothing beyond the reach of the finite mind. It is alone the child of God, through whose faith access is found to the hidden mysteries which mortal man unaided could never fathom, that can speak intelligently of the living God and His wonderful works. On every hand there are evidences of a Supreme Being, conditions which can be accounted for only on the ground that there is a living, all-wise, all-powerful, supernatural, superhuman, Infinite Being who is without beginning or ending, a loving and living Creator who is without the limitations of all or any of His creatures. This Being we call God. In reverence we bow before Him, and bless His holy name.

# WHEN TO ELECT SOCIAL SECURITY MAY BE THE SINGLE MOST IMPORTANT DECISION OF YOUR RETIREMENT

The difference between the best and worst possible outcome is often over \$100,000. Most people think you can do a simple break-even analysis using one of many free break-even calculators available to determine whether to elect Social Security early or wait. However, virtually all of the simple break-even calculators in use today ignore the spousal and survivor benefits available to married couples. There has never been a tool that could offer a thorough analysis to show married couples when to elect their Social Security benefit and whether to use creative election strategies to maximize their income stream - until now. Using software analysis, we examine hundreds of possible combinations, including 81 possible age combinations across nine possible election strategies, and find the one option that offers the highest expected lifetime benefit.

What Is A Town?

A town is a group of people

It is a school.

It is a city government.

It is churches.

It is industry and jobs.

It is retail businesses.

They all have to work together.

All must have the support of the people or there is no town.

Give your local merchant a chance for your business and the first opportunity to make the sale.

The local retailer pays the highest percentage of local taxes.

They are the ones contacted first for contributions to charitable projects. They provide jobs. Without their store you have now town.

GIVE THE LOCAL MERCHANT A FAIR SHAKE.
