I Don't Need To Advertise  
You're Right... There is a time **NOT** to advertise, when...

1. You have no competition.
2. You have all the business in town.
3. There are no new people moving into your area.
4. You want to keep your large inventory.
5. You have more business than you can handle.
6. The birth rate is zero.
7. You have more than enough friends that shop your business, keeping you far to busy.
8. You've netted your third million (after taxes).
9. You have no desire to work hard.
10. You would have to hire more people to handle the additional business advertising brings.

**The time to start advertising is...**  
When you don't agree with all the above.  
**The place to start advertising is...**  
The one that has a combined circulation of 71,500 homes.
