Delicious Soup Perfect For The Season

Cooler weather arrives just as prime entertaining season heats up. Those who will be hosting gatherings soon can expand their recipe repertoire to feed guests and keep them satisfied. Borrowing some flavors from the season can make entertaining festive and even more flavorful. Pumpkins and winter squashes are popular in fall, and their versatility undoubtedly contributes to that popularity. However, when chilly days require something to warm you up from the inside out, nothing can beat a soothing soup. And soup recipes can be altered to easily feed a crowd.

Preheat the oven to 400 F. Prick the pumpkin around the top several times with a fork. Brush the pumpkin with plenty of the oil and bake for 45 minutes or until tender. Leave until cool enough to handle. Take care when cutting the pumpkin, as there may still be a lot of hot steam inside. When cool enough to handle, scoop out and discard the seeds. Scoop out and chop the flesh. Heat about 4 tablespoons of the remaining oil (you may not have to use all of it) in a large pan and add the onions, garlic and ginger, then cook gently for 4 to 5 minutes. Add the coriander, turmeric, and cayenne, and cook for 2 minutes. Stir in the pumpkin flesh and stock. Bring to a boil, reduce the heat, and simmer for about 20 minutes until tender. Cool the soup slightly, then puree it in a food processor or blender until smooth. Return the soup to the rinsed out pan and season well. Meanwhile, prepare the pumpkin crisps. Using a swivel-blade potato peeler, pare long thin strips off the wedge of pumpkin. Heat the oil in a small pan and fry the strips in batches for 2 to 3 minutes, until crisp. Drain on paper towels. Reheat the soup and ladle it into bowls. Top with the pumpkin crisps and garnish each portion with sesame seeds and cilantro leaves.

ROASTED PUMPKIN SOUP WITH PUMPKIN CRISPS
 Serves 6 to 8

- 3 to 3-1/2 pounds pumpkin
- 6 T olive oil
- 2 onions, chopped
- 3 garlic cloves, chopped
- 1 3" pc of fresh ginger root, grated
- 1 tsp ground coriander
- 1/2 tsp ground turmeric
- Pinch of cayenne pepper
- 4 C vegetable stock
- Salt & ground black pepper
- 1 T sesame seeds
- Fresh cilantro leaves, to garnish

For the pumpkin crisps:
 Wedge of fresh pumpkin, seeded
 1/2 C olive oil

Dig Into These Pumpkin Facts

Pumpkins are a common sight come around Halloween. This fruit of the fall is often used in decorating the interior and exterior of homes, but can be an integral component of cooking and baking as well. Little thought is given to pumpkins and their makeup. But pumpkin aficionados who want to know more about these delicious gourds can dig into the following facts. Pumpkins are a member of the squash family that grow on long vines close to the ground. Before pumpkin fruit grows, brightly colored flowers will form and then turn into pumpkins. Pumpkins adapt to many climates and are grown on all of the continents except Antarctica. In colonial times, settlers and natives alike relied on pumpkin as a staple of their diets. The British saw the possibilities of pumpkins as a food source and brought seeds back to Europe to enjoy as well. Pumpkins are comprised of several parts. The pumpkin is covered in a skin that surrounds the pulp, or the meaty part of the pumpkin. The stem is at the top of the pumpkin and connects to the vine. Tendrils are thin pieces of vine that tether the pumpkin to the ground to protect it from the wind and weather. The inside of the pumpkin is known as the cavity and can contain seeds and fibrous strands. The bottom of the pumpkin is known as the blossom end because that's

where the flower started before the pumpkin formed. Most varieties of pumpkins are edible, but some taste better than others. Once pumpkins turn orange they can be eaten. People bake the meat into pies, soups and stews. It can also be used in breads and cakes. Pumpkin puree can replace the oil in cake recipes much in the same way applesauce can. Adding pumpkin to recipes provides a healthy way to increase nutritional value. There are many interesting pieces of trivia regarding pumpkins. Here are some things to ponder. * Pumpkins were once believed to eliminate freckles and were also used as a remedy for snake bites. * In 2007, people in Boston earned the world record for the most lit pumpkins with 30,128 twinkling jack-o-lanterns. * Thousands of people participate in pumpkin chucking, an event where air cannons propel pumpkins thousands of feet. Each year people compete to see who can launch a pumpkin the farthest. * On September 25, 2010, people in New Bremen, Ohio, broke their own record when they baked a 3,699 pound pumpkin, surpassing their prior record of 2,020 pounds. Pumpkins are a seasonal delight to many come the fall. But in addition to being delicious, they're also interesting.
