READER'S Recipe

BUTTERNUT SQUASH SOUP

6 tablespoons chopped onion	1/4 teaspoon ground black pepper
4 tablespoons margarine	1/8 teaspoon ground cayenne pepper
6 cups peeled and cubed butternut squash	2 (8 ounces) package cream cheese
3 cups water	
4 cubes chicken bouillon	
1/2 teaspoon dried marjoram	

In a large saucepan, saute onions in margarine until tender. Add squash, water, bouillon, marjoram, black pepper and cayenne pepper. Bring to boil; cook 20 minutes, or squash is tender. Puree squash and cream cheese in a blender or food processor in batches until smooth. Return to saucepan, and heat through. Do not allow to boil.

Once Upon A Time....

There was an owner of a very successful ice cream shop. This owner built his business by having the creamiest ice cream around and by letting his customers know about them through extensive advertising. His business was so successful that he was able to send his son to a prestigious Ivy League school where his son was studying to receive his M.B.A.

One day the son came home for a break and promptly questioned his father “Dad, don’t you know that there is a recession going on out there?” The father replied that his business was going very well, but the son persisted telling his father “Dad, you’ve got to cut back.” So the father, figuring his son knew all about business, followed the son’s advice. He promptly cut his advertising budget and then cut his cone & ice cream orders. Before long, business in fact did slow down. So the father replied to the son “You were right, son. Business is terrible. There is a recession going on out there.”

Fun By The Numbers

Like puzzles? Then you'll love sudoku. This mind-bending puzzle will have you hooked from the moment you square off, so sharpen your pencil and put your sudoku savvy to the test!

Here's How It Works:
Sudoku puzzles are formatted as a 9x9 grid, broken down into nine 3x3 boxes. To solve a sudoku, the numbers 1 through 9 must fill each row, column and box. Each number can appear only once in each row, column and box. You can figure out the order in which the numbers will appear by using the numeric clues already provided in the boxes. The more numbers you name, the easier it gets to solve the puzzle!

Building The Reading and Columbia Railroad September 30 6:30PM
RAILROAD
An Amazing Feat

Join speaker John W. Brown as he tells the story of the construction of the railroad.

A story of perservice - the Reading & Columbia Railroad was built during the Civil War when manpower and iron for rails were in short supply. Despite the adversity the construction was completed in three years.
